The undersigned, Scott M. Daniels, is attorney of record in the above-identified patent application. The terminal part of the statutory term of any patent granted on the instant application that would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. §§154 to 156 and 173, as shortened by any terminal disclaimer, of U.S. Application Serial Number 10/003,103, filed in the United States on December 6, 2001, is hereby disclaimed except as provided below. It is agreed that any patent so granted on the instant application will be enforceable only during such period that it and any patent granted on the second application are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, disclaimant does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §§154 to 156 and 173 of U.S. Application Serial No. 10/003,103, as presently shortened by any terminal disclaimer, in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37

- Response under 37 C.F.R. §1.111  
Attorney Docket No. 000666A  
Serial No. 10/003,103

C.F.R. §1.321, has all claims cancelled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

This disclaimer is submitted on behalf of Hoya Corporation, a Japanese company on whose behalf the undersigned is empowered to act, which owns the entire and exclusive right, title and interest to the invention entitled MULTILAYER PRINTED CIRCUIT BOARD AND THE MANUFACTURING METHOD, for which the above-identified patent application was filed on May 26, 2000, Serial No. 09/579,270, and all Letters Patent of the United States to be obtained therefore on said application or any continuation, divisional, substitute, reissue or reexamination thereof for the full term or terms for which the same may be granted, by virtue of an assignment from the inventor(s) of the above-identified patent application. The assignment was recorded in the Patent and Trademark Office at Reel (011241), Frame (0010).

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

**WESTERMAN, HATTORI, DANIELS & ADRIAN, LLP**
